Situated on the established and successful Slough Trading Estate, 160 Edinburgh Avenue is perfect for occupiers demanding the best from sustainability and sustainable technology.

The unit boasts excellent sustainability credentials, including BREEAM 'Excellent' rating and has been certified as operationally net zero carbon.

In addition to this, the refurbishment benefits from the use of sophisticated green technology and materials throughout.

GREEN WITHOUT COMPROMISE

IMPROVES
WELLBEING

A BREATH OF FRESH IDEAS

We know that green walls look beautiful, but their performance goes way beyond aesthetics. They can help reduce the amount of heat lost through a building's structure by more than 30%*, whilst also soaking up rainfall that would usually run off the walls, absorb carbon, produce oxygen and significantly reduce noise levels.

Exposure to green walls has also led to increases in efficiency, creativity and memory recall whilst also enhancing physiological and psychological wellbeing.

DRIVEN BY DATA

160 Edinburgh Avenue is equipped with our SMART Core package, which features smart building technology and dedicated sensors to give real-time information about how the building is running and how it can become more efficient, reduce costs, and create a better working environment.

SMART Core will measure environmental data, energy use, motion, air quality and water consumption, among other variables.

ENERGY USE

Energy and gas consumption reported on an hourly basis

ENVIRONMENTAL DATA

Measuring temperature, humidity and lighting levels

MOTION AND SPACE

Identifying how people move and interact with the space

WATER CONSUMPTION

Measuring water usage and trends

INDOOR AIR QUALITY

Measuring CO₂ and Total Volatile Organic Compounds (TVOCs)

IDEAL LOCATION

With an unrivalled location at the heart of the Thames Valley, 160 Edinburgh Avenue also benefits from everything the Slough Trading Estate has to offer. Home to many of the world's most successful companies, the estate has developed a reputation as a world class location for business.

ON THE ROAD

Less than 2 miles from Junctions 6 & 7 of the M4, to the south, and 6 miles from Junction 2 of the M40, which provide excellent access to the M25, Heathrow Airport & the wider national motorway network.

CONNECTED BY RAIL

Slough and Burnham Railway stations within 3 miles, providing fast and direct rail access.

DISTANCE & TIMES

Source: Google maps. road distances are based on departing 160 Edingburgh Avenue at 8am and rail times are based on leaving Slough station at 8am on a weekday.
